M12

Prouduct Parameters

Model：M12

Transmission Distance：10m

Impedance：4 Ohm

SPK：52mm*1

Play Time：8H

Standby Time：About 20 months

Net Weight：295g

Wireless Version：V5.0
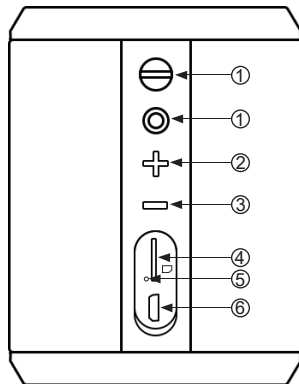

Range：60HZ-18KHZ

Rated power：5W

Battery Capacity：1200mAh

Voltage：5V=1A

Charging：2.5H

1.Power on/Power off/Press and hold to disconnect

2.Volume up/Next track/TWS pairing indicator

3.Volume up/Next track/TWS pairing indicator

4.TF-Card

5.Working Light/MIC

6.Micro_usb

Pilot lamp

Red light: The red light for charging is always on,and the red light will turn off when it is full.

Blue light: Stop /Bluetooth connection successful-always on; Play-flash slowly；

FM mute-slow flash; fully automatic search / Bluetooth waiting link-fast flash.

TWS pairing operation guide:

1. Turn on the two speakers and double-click the "+" button of one of them;

2. The "speaker" will be used as the host, actively searching for the speakers with TWS function of the same model around, and the automatic connect;

3. Turn on the phone's Bluetooth, search for the Bluetooth name "Bluetooth name" and click connect.

4. The next time you turn on the two successfully connected "speakers" will automatically connect.
 If you need to disconnect the TWS function, double-click any one of the "+" button to disconnect.
